**PURPOSE**

The purpose of S. 2098 is to designate the Northern Plains National Heritage Area in the State of North Dakota.

**BACKGROUND AND NEED**

The Northern Plains National Heritage Area would encompass four counties along the Missouri River in central North Dakota, and includes Bismarck, the State’s Capital. The Lewis and Clark expedition traveled through the region on their route to the Pacific and spent more time in North Dakota than any other site along the route. The heritage area also includes the ancestral lands of the

Mandan and Hidatsa, who pioneered agriculture on the northern plains. The heritage area would also include the Knife River Indian Villages National Historic Site.

The bill would designate the Northern Plains Heritage Foundation as the management entity for the heritage area. The Foundation has prepared a feasibility study for the proposed heritage area, which has been submitted to the National Park Service for review.

#### LEGISLATIVE HISTORY

S. 2098 was introduced by Senators Dorgan and Conrad on September 26, 2007. The Subcommittee on National Parks held a hearing on the bill on November 8, 2007. (S. Hrg. 110–282.) At its business meeting on January 30, 2008, the Committee on Energy and Natural Resources ordered S. 2098 favorably reported with an amendment in the nature of a substitute.

#### COMMITTEE RECOMMENDATION

The Committee on Energy and Natural Resources, in open business session on January 30, 2008, by a voice vote of a quorum present, recommends that the Senate pass S. 2098, if amended as described herein.

#### COMMITTEE AMENDMENT

During the consideration of S. 2098, the Committee adopted an amendment in the nature of a substitute. The amendment made the authorities for the Northern Plains National Heritage Area consistent with other heritage area authorizations reported by the Committee. The amendment is explained in detail in the section-by-section analysis, below.

#### SECTION-BY-SECTION ANALYSIS

*Section 1* provides the short title, the “Northern Plains National Heritage Area Act.”

*Section 2* defines key terms used in the Act.

*Section 3(a)* establishes the Northern Plains National Heritage Area (“heritage area”) in the State of North Dakota.

Subsection (b) describes the boundaries of the heritage area and lists the counties and significant historic sites that the heritage area encompasses.

Subsection (c) states that a map of the heritage area shall be included in the management plan and available on file in appropriate offices of the National Park Service.

*Section 4(a)* designates the Northern Plains Heritage Foundation, as the management entity for the heritage area.

Subsection (b) details the duties of the management entity.

Subsection (c) lists the authorities of the management entity. The subsection authorizes the management entity to use Federal funds to prepare activities recommended in the management plan for the heritage area, pay for operational expenses, make grants and enter into cooperative agreements, hire staff, obtain funds or services from any source, and contract for goods or services.

Subsection (d) prohibits the management entity from using Federal funds made available under this Act to acquire real property or an interest in real property, although it may use Federal funds

from other sources for authorized purposes, which may include property acquisition.

*Section 5(a)* requires the management entity to prepare and submit for review a management plan to the Secretary no later than three years after the date on which the funds are made available to carry out this Act.

Subsection (b) lists the requirements for the contents of the management plan.

Subsection (c) states that if the management plan is not submitted within the three-year period, Federal funding is suspended until the plan is submitted to the Secretary.

*Section 6* describes the relationship of other Federal agencies to the heritage area.

Subsection (a) clarifies that nothing in this Act affects the authority of a Federal agency to provide technical or financial assistance under any other law.

Subsection (b) authorizes the Secretary to provide technical and financial assistance to the local coordinating entity to develop and implement the management plan.

Subsection (c) encourages the head of a Federal agency planning to conduct activities that may have an impact on the heritage area to consult and coordinate the activities with the Secretary and the management entity to the maximum extent practicable.

Subsection (c) clarifies that nothing in this Act modifies authorities of Federal agencies to manage Federal land, limits the discretion of a Federal agency to implement an approved land use plan, or modifies or alters any authorized use of Federal land.

*Section 7* contains several savings provisions to clarify that the designation of the national heritage area will not affect private property rights, affect governmental land use regulation, reserve or appropriate water rights, diminish the authority of the State to manage fish and wildlife, or create any liability for property owners within the heritage area.

*Section 8(a)* requires the Secretary to conduct an evaluation of the accomplishments of the national heritage area not later than three years before the date Federal funding authority terminates.

Subsection (b) provides that the evaluation shall assess the progress of the management entity with respect to accomplishing the purposes of this Act for the heritage area and whether the management entity achieved the goals and objectives of the approved management plan for the heritage area. The evaluation is also required to analyze governmental investments in the heritage area to determine the leverage and impact of the investments.

Subsection (c) requires the Secretary to prepare a report, based on the evaluation, that includes recommendations for the future role of the National Park Service, if any, for the heritage area. If the report recommends that Federal funding for the area be reauthorized, it is required to include an analysis of ways Federal funding may be reduced or eliminated. The report is to be submitted to the House and Senate authorizing committees.

*Section 9(a)* authorizes total appropriations of \$10 million, with not more than \$1 million authorized to be appropriated for any fiscal year.

Subsection (b) requires Federal funding to be matched on a 50:50 basis with funds from non-Federal sources.

*Section 10* provides that the authority of the Secretary to provide assistance under this Act terminates 15 years after the date of enactment.

#### COST AND BUDGETARY CONSIDERATIONS

The following estimate of costs of this measure has been provided by the Congressional Budget Office:

##### *S. 2098—Northern Plains National Heritage Area Act*

S. 2098 would establish the Northern Plains National Heritage Area (NHA) in South Dakota and designate the Northern Plains Heritage Foundation, a local nonprofit organization, as the management entity for the NHA. The bill would authorize the appropriation of \$10 million, not to exceed \$1 million annually, for financial assistance to the foundation and other eligible entities over the next 15 years.

CBO estimates that implementing S. 2098 would cost \$5 million over the 2009–2013 period and an additional \$5 million after 2013. Enacting S. 2098 would have no effect on direct spending or revenues.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. This estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.

#### REGULATORY IMPACT EVALUATION

In compliance with paragraph 11(b) of rule XXVI of the Standing Rules of the Senate, the Committee makes the following evaluation of the regulatory impact which would be incurred in carrying out S. 2098. The bill is not a regulatory measure in the sense of imposing Government-established standards or significant economic responsibilities on private individuals and businesses.

No personal information would be collected in administering the program. Therefore, there would be no impact on personal privacy.

Little, if any, additional paperwork would result from the enactment of S. 2098, as ordered reported.

#### CONGRESSIONALLY DIRECTED SPENDING

In accordance with paragraph 4(b) of rule XLIV of the Standing Rules of the Senate, the Committee provides the following identification of congressionally directed spending items contained in the bill, as reported:

Section: 9; Provision: Authorization of appropriations; Member: Sen. Dorgan.

## EXECUTIVE COMMUNICATIONS

The testimony provided by the National Park Service at the November 8, 2007 hearing on S. 2098 follows:

STATEMENT OF KATHERINE H. STEVENSON, ACTING ASSISTANT DIRECTOR, BUSINESS SERVICES, NATIONAL PARK SERVICE, DEPARTMENT OF THE INTERIOR

Mr. Chairman and members of the subcommittee, thank you for the opportunity to appear before you today to present the Department of the Interior's views on S. 2098, a bill to establish the Northern Plains National Heritage Area in the State of North Dakota.

While the Department appreciates the historic, cultural and natural features of the area, the Department does not support S. 2098. The feasibility study produced by the Northern Plains Heritage Foundation did not meet all of the criteria for designation as a national heritage area. It did not include the existence of significant levels of public involvement and support and the local commitments necessary for successful planning and implementation of a heritage area. Without further dialog with residents in the region and the support of current living descendants, we are concerned that the Heritage Area would not be poised for success and a sustainable future. Success of this grassroots movement depends upon whether or not there is strong region-wide support, so we respectfully request the Heritage Area proponents engage more residents and Mandan-Hidatsa descendants in a dialog.

We remind the committee that our past support of an amendment to S. 1544 in the 109th Congress authorizing a study did not necessarily mean that the Department would support designation of this National Heritage Area.

We generally have asked that the subcommittee defer action on new designations of National Heritage Areas until program legislation is enacted. Last year, the Administration sent to Congress a legislative proposal to establish such guidelines and a process for designation. Bills were introduced in the 109th Congress (S. 243, H.R. 760 and H.R. 6287) that incorporated the majority of the provisions of the Administration's proposal, and S. 243 passed the Senate. During the 110th Congress, a similar heritage area program bill, S. 278, has been introduced and reported by the Senate Energy and Natural Resources Committee.

Requiring evidence of broad public support prior to designation is consistent with the steps and criteria for the National Heritage Area program that have been informally implemented for many years. The steps and criteria have been developed with input from Congress, existing National Heritage Areas, and other experts and are designed to ensure that an area has the resources, local interest, and other qualities that are critical in establishing a successful National Heritage Area. The four critical steps that

need to be completed before Congress establishes a National Heritage Area are:

1. Completion of a feasibility study;
2. Public involvement in the feasibility study;
3. Demonstration of widespread public support among heritage area residents for the proposed designation; and
4. Commitment to the proposal from the appropriate players which may include governments, industry, and private, non-profit organizations, in addition to the local citizenry.

S. 2098 would establish the Northern Plains National Heritage Area. The core area is approximately 80 miles long, anchored at each end by nationally designated landmarks. Huff Indian Village National Historic Landmark, an ancient Mandan Indian Village is the southern anchor and Big Hidatsa Village National Historic Landmark, an ancient Hidatsa village located within the Knife River Indian Villages National Historic site at Stanton, North Dakota, is the northern anchor. Huff and Menoken National Historic Landmarks are also state historic sites preserved and managed by the State Historical Society of North Dakota. This area encompasses the ancient homeland of the Mandan and Hidatsa American Indian nations as well as the Menoken Indian Village, an early Indian village site just east of Bismarck, North Dakota, which also bears national historic landmark status.

The bill designates the Northern Plains Heritage Foundation, a non-profit corporation established under the laws of the State of North Dakota, as the management entity for the Heritage Area and outlines its duties. It also authorizes the development of a management plan and technical assistance to carry out the plan. The bill also requires the Secretary to conduct an evaluation three years prior to the cessation of Federal funding under this act.

Long before the Europeans came to the area, Mandan and Hidatsa cultures flourished along the river in North Dakota. These early people thrived for centuries in heavily populated agricultural communities along the fertile floodplains. They also depended on the abundance of fish, game, and other wildlife throughout the prairies. They were later followed by pioneers and homesteaders—generations of farmers and ranchers who continue to cultivate the land and reap the harvest provided by the abundance of the Northern Plains environment.

The villages of these early settlers served as a central hub in a trade network that spanned the continent. The Heart River segment of the Missouri River was the center of the universe for the first people, the Mandans, who constructed their permanent earthlodge villages along the Missouri River and its tributaries. The Lewis and Clark Expedition even benefited from the hospitality and friendship of the Mandan and Hidatsa when they spent the winter along the Garrison Reach near present-day Washburn.

Today, the Mandan language is in danger of extinction with only two conversational speakers able to participate

in a preservation project. Therefore, as part of their preservation initiatives within the Northern Plains area, the Northern Plains Heritage Foundation's language initiative is focusing on preserving and archiving language vocabularies, beginning with the recording of Mandan language materials. It also is supporting the development of instructional materials for Mandan, Hidatsa, Arikara, Lakota, French and German language teachers. Language has always been a key element that characterizes and underpins the cultural integrity and unique identity of a people or an ethnic group.

The Department believes that further evaluation and public engagement would ensure widespread public involvement, and determine local interest and commitment, thus strengthening the current feasibility study. We also believe that further examination of the boundaries to include the current Mandan-Hidatsa homeland and the unique geographical, cultural, and historical resources of the Northern Plains area would provide other valuable information as to whether the area qualifies for designation as a National Heritage Area.

Mr. Chairman, that concludes my statement. I would be pleased to answer any questions you or other members of the subcommittee may have.

#### CHANGES IN EXISTING LAW

In compliance with paragraph 12 of rule XXVI of the Standing Rules of the Senate, the Committee notes that no changes in existing law are made by the bill S. 2098, as ordered reported.
